* In this classification the expression "Canadian Farm Products" refers, in the case of Exports, to commodities actually produced, in their original state, on Canadian farms. In the case of Imports it covers all commodities of which the basic raw materials are such as Canadian farms produce. "Foreign Farm Products" covers, in both Imports and Exports, materials or commodities such as Canada does not produce in their original form, e.g.—cane sugar, tea, rubber, cotton, silk, etc.

* Dans cette classification, l'expression "Production des fermes canadiennes" couvre, pour les exportations, toutes les denrées provenant, à leur état brut, de la ferme canadienne. Dans le cas des importations, il couvre toutes les denrées dont la matière première est de celles produites par les fermes canadiennes. L'expression "Produits des fermes de l'étranger" couvre, pour importations et exportations, les matières ou denrées qui ne sont pas produites au Canada, telles que le sucre de canne, le thé, le caoutchouc, le coton, la soie, etc.
